The following information is provided to you so you have a better understanding of how your care will be coordinated. Please read each item carefully and sign in the appropriate spaces.

TREATMENT PHILOSOPHY

During the initial evaluation period, you and your provider will clarify together the nature of the problems for which you are seeking treatment, define some reasonable treatment goals, and develop a treatment plan that will help you achieve those goals. ***If your insurance is a managed healthcare plan, the number of sessions available to you may be severely limited.*** You are expected to be compliant with the agreed upon treatment plan between sessions and keep your appointments. Research has shown that, often times, brief, time limited therapy focusing on specific goals results in more rapid reduction of symptoms and improvement in patient functioning. The treatment plan may include attending support groups, reading selected materials, and/or completing specific written or verbal assignments.

CONFIDENTIALITY:

All information between provider and patient is held strictly confidential unless:

1. patient authorizes release of information with his/her signature.
2. patient presents a physical danger to self.
3. patient presents a danger to others.
4. child/elder abuse is suspected.
5. patient fails to pay for services rendered and formal collection becomes necessary.

We are required by law to inform potential victims and legal authorities so protective measures can be taken.

FINANCIAL TERMS

Upon verification of health plan/insurance coverage and policy limits, your insurance carrier will be billed for your treatment and your provider will be paid directly by the carrier. You will be responsible for any applicable **deductibles** and **copayments**. Copayments must be paid at the time services are rendered. If you are not eligible for benefits at the time services are rendered, you are responsible for full payment of provider's hourly rate, which is $_____. Your copayment for services is $_____. **Patient initials** _____

CANCELED/MISSED APPOINTMENTS

A scheduled appointment means that time is reserved only for you. ***If an appointment is missed or canceled with less than 24 hours notice, you will be billed directly according to the scheduled fee or according to the rules of your health plan***. Most health plans do not cover payment for missed appointment; therefore, you are responsible for payment in full. **Patient initials** _____

APPEALS AND GRIEVANCES

I acknowledge my right to request an appeal in case that outpatient care is not certified. I understand that I would request an Appeal directly through my insurance carrier. I also understand that I may submit a grievance to my provider at any time to register a complaint about my care. I also understand the California Department of Managed Care (DMC) regulates health services. Their telephone number is 800-400-0815, and I may contact them to register a complaint against my health care plan.

EMERGENCY PROCEDURES

If you need to contact your provider, leave a message according to the instructions on the office telephone message and your call will be returned. If you experience a true life threatening emergency and need immediate attention, you should leave a message for your provider and then call 911 or go to the nearest hospital emergency room.

RELEASE OF INFORMATION TO HEALTH PLAN

I authorize release of information regarding my care to my health plan for the payment of claims, certification/case management decisions and other purposes related to the administration of benefits for my Health Plan. **Patient initials** _____

RELEASE OF INFORMATION TO PRIMARY CARE PHYSICIAN

I authorize the release of information to my Primary Care Physician (name)_____ at (telephone number)_____ for purposes related to my health care. **Patient initials** _____

CONSENT FOR TREATMENT

I further authorize and request that my treating provider carry out psychological examinations, treatments, and/or diagnostic procedures that now or during the course of my care as a patient are advisable. I understand that the purpose of these procedures will be explained to me upon my request and subject to my agreement. I also understand that, while the course of therapy is designed to be helpful, it may at times be difficult and uncomfortable.

ASSIGNMENT OF BENEFITS

I authorize payment of medical benefits to the provider for services described on Form HCFA-1500.
